PRESIDENT WILSON WILL START HOME FRIDAY

TO LIMIT LOAN TO TEN BILLIONS

Secretary of the Treasury Asks Congress to Grant Him Broad Powers.

SENDS DRAFT OF BILL

Glass Seeks Permission to Determine Interest Rate and Other Terms of the Coming Victory Liberty Issue.

Washington, Feb. 11.—Congress is requested by Secretary Glass to increase the amount of Liberty Bonds authorized, but unissued, to approximately \$10,000,000,000 and to give him broad powers to determine the interest rate and other terms of the Victory Liberty Loan, to be floated late in April.

Mr. Glass also sought permission to issue not more than \$10,000,000,000 of treasury notes, maturing within five years, and asked that the war finance corporation be authorized for one year after the declaration of peace to make commercial loans on exports to facilitate foreign trade.

In a letter to Chairman Kitchin of the House Ways and Means committee, Secretary Glass outlined the broad policies which the treasury hopes to follow in dealing with war loans and other national financial subjects of the readjustment period.

Draft of Bill Submitted.

The secretary submitted a draft of a bill which would carry out the treasury's recommendations. Specifically this bill would accomplish the following results:

Raise from \$5,000,000,000 to \$10,000,000,000 the authorization for the Victory Liberty Loan and permit the treasury to determine what part of this sum should be sold.

Permit the secretary of the treasury to determine interest rates on bonds maturing within 10 years, or the next Liberty Loan. Instead of limiting the rate to 4 1/4 per cent, as provided in the present law.

Permit the issue of not more than \$10,000,000,000 of interest-bearing, non-circulating notes having maturities from one to five years; these might be sold along with bonds for the Victory Liberty Loan.

Authorize the issue of bonds and notes payable at a premium.

Exempt War Savings certificates from income surtaxes.

Confer on the Secretary of the Treasury authority to determine the tax exemption in respect to future issues of bonds and notes and to enlarge tax exemptions of existing Liberty Bonds in the hands of subscribers for new bonds and notes.

Reopen the privilege of converting 4 per cent Liberty Bonds into 4 1/4; this privilege expired last November 9.

Create a 2 1/2 per cent cumulative sinking fund for retirement of the war debt.

ADVISED TO RESTORE KAISER

Prince Henry Says Then Germany Will Be Prosperous.

London, Feb. 11.—The Hamburg Nachrichten, which recently in a series of articles has been dealing with Germany's future, wrote to Prince Henry of Prussia, brother of former Emperor William, in order to ascertain his views on the subject.

Prince Henry replied, according to the Nachrichten, that Germany, in order to reach her future goal, must re-establish her monarchy and her economic life on the pre-war basis. The empire, he added, should be placed again under the old dynasty and under the leadership of Prussia.

BUTTE MINERS ON STRIKE

Situation Is Under Control of Military Forces.

Butte, Feb. 11.—Twelve thousand miners are idle here, either as a result of last week's strike of independent union organizations as a protest against a reduction of \$1 a day in wages. The situation is under control of military forces commanded by Maj. A. M. Jones.

Operation of street car service in Butte was halted when crowds of strikers surrounded the barns, and, according to the military authorities, threatened violence if the cars were sent on their runs.

PEACE MEETING MAY MOVE

Sessions May Be Transferred to Some Neutral Nation.

Paris, Feb. 11.—The question of moving the peace conference from Paris to a neutral country may be considered by the conference if what is characterized as the obstructive policy of the French press and certain French officials continues, it developed.

President Favors International Consideration of Women's Questions

(By United Press)

Paris, Feb. 11.—President Wilson addressing a delegation of international woman suffrage representatives announced that he favored the establishment of a special committee to take up the problems concerning women, child labor, white slavery and uniform international marriage laws in connection with the peace settlement.

King George Desires Closer Relations

(By United Press)

London, Feb. 11—King George speaking from the throne informally opening parliament shortly after noon today expressed his desire that the understanding between Great Britain and the United States should increase and that the two countries will act together in the future.

Germany May Declare State of Bankruptcy

(By United Press)

Zurich, Feb. 11—Following a meeting of the finance ministry in Weimar it was announced that a state of bankruptcy might be declared throughout Germany. Dispatches here asserted that private incomes would be largely confiscated in this case it was said.

Big Navy Clause Restored to Naval Bill

(By United Press)

Washington, Feb. 11—President Wilson has cabled a request to Secretary Tumulty that no ovation be arranged in his honor on his return to the United States. The president stated he would come direct to Washington, after landing at an Atlantic port. No definite sailing date was decided upon.

Washington, Feb. 11—The house rules committee today reported favorably a rule restoring to the naval bill the big navy authorization ruled out of order yesterday by the house.

The police raided the office of the International Weekly and arrested Aaron Fislerman, circulation manager. William H. Johnson, a former United States soldier, and Gus Pilz, both of whom the police said were taken while selling copies of the weekly on the street, were arrested.

Besides the issue of the International Weekly, several thousands of copies of a pamphlet entitled "Russia Did It," were confiscated.

Major Ole Hanson, who from the first predicted an early end of the general walkout, made the following statement upon learning of the order to end the demonstration of labor solidarity:

"Place union labor in the high position it held in Seattle. Without reason, without cause, our city lay prostrate. Union labor must clean house. Seattle may forgive but it cannot forget."

CAMPAIN WILL CONTINUE

Suffrage Leaders to Carry Fight to Next Congress.

Washington, Feb. 11—Immediately after the defeat of the suffrage amendment in the senate, 55 to 29, leaders of the woman's organizations announced that the fight would be carried on in the next congress, in which the Republicans will hold both senate and house and which friends of the resolution believe are certain to adopt a new measure.

The suffrage advocates went into the test knowing they lacked one vote but hoping to the last that it would be won over.

ANARCHY MUST BE CRUSHED

Mrs. Philip N. Moore Favors Deporting Agitators.

Chicago, Feb. 11—Bolshevism must be defeated everywhere in the world and those agitators in the United States should be immediately deported, according to Mrs. Philip N. Moore, St. Louis, president of the national council of women.

Mrs. Moore was here to attend the Great Lakes congress of the league to enforce peace.

FELIX FRANKFURTER QUIT

Tenders Resignation as Assistant Secretary of Labor.

Washington, Feb. 11—Felix Frankfurter announced his resignation as assistant to the Secretary of Labor and chairman of the War Labor Policies board. The board will go out of existence within a few weeks since its activities have come to an end with the close of the war.

BY ROBERT J. BENDER.
(Staff Correspondent, United Press)

Paris, Feb. 11—President Wilson planned today to leave Friday for Brest, preparatory to sailing for the United States. There was a possibility, however, that his steamer might not leave before Sunday.

The president's party will include Earl Reading, the French Ambassador Jusserand, the Italian Ambassador Cellero and Franklyn Roosevelt, assistant secretary of the navy.

The reprint of the league of nations constitution, completed and approved yesterday, was to be read at today's session of the committee, of which President Wilson is chairman.

During the afternoon the president was to meet the supreme war council, when the Belgian delegates were to discuss the systematic plans of the Germans to destroy Belgian industries. The matter will be referred to the supreme war council for handling in connection with the indemnities and armistice provisions.

The further occupation of other strategic points to insure compliance with the armistice as planned by Marshal Foch, was also to be considered.

The president will attend the benefit opera tonight.

Washington, Feb. 11—President Wilson has cabled a request to Secretary Tumulty that no ovation be arranged in his honor on his return to the United States. The president stated he would come direct to Washington, after landing at an Atlantic port. No definite sailing date was decided upon.

Forty of the prisoners came direct from Seattle, where they took part in fomenting the general strike which has paralyzed the industries of that city for several days.

Three Strike Leaders in Net.

Three leaders of the Seattle strike—one Spokane agitator, an I. W. W. leader from Denver and five alien convicts arrested in Chicago were among the prisoners gathered into the federal net.

The majority of the men were alien labor agitators picked up by officers of the United States immigration service during a year of secret campaigning in industrial centers of the Pacific coast. A. D. H. Jackson, chief of the Seattle office of the immigration service, was in charge of the party.

The majority of the prisoners will be sent back to Russian provinces. The only attempt at a mob delivery of the prisoners was frustrated. Before the train reached Butte, Montana, officers were warned that I. W. W. leaders had learned of the deportation and were massing to deliver their comrades. The two cars were cut off at a junction and set into another train which made a wide detour of both Butte and Helena.

Washington, Feb. 11—The peace settlement need not wait for the establishment of a league of nations inasmuch as it is not the league's business to determine the terms of peace. Foreign Secretary Balfour today declared in an interview.

More Transports Arrive With Troops

(By United Press)

New York, Feb. 11—The transports Metapan, Pasadena and the Due Degali Bruzzii arrived this morning with troops and nurses. The Leviathan carrying nearly ten thousand officers and men are expected this afternoon.

54 BANISHED FROM U.S.

I. W. W.s Under Heavy Guard on Way to Atlantic Port.

Most of Them Come From Seattle, Where They Took Part in Fomenting General Strike.

Chicago, Feb. 11—A special train carrying 54 members of the I. W. W. under heavy guard passed through Chicago on the way to an Atlantic port, where, it is said, the immigration authorities will deport them at once.

The measure carries a total of \$1,007,289,400. The committee said an army of the size recommended would be necessary "during the period of demobilization."

Chairman Dent said the bill, which appropriates about \$65,000,000 less than was asked by the War department, will be taken up in the house as soon as the naval appropriation bill is passed or about the middle of the week.

Legislation affecting the National guard is among the features of the bill. A National guard organization of 106,200 men is contemplated.

Equipment and supplies would be provided without charge by the War department from the war stores. The total appropriations for the guard are \$10,173,000.

Other leading features of the bill are: Dual organization of the temporary army of 537,688 men so that part will be constituted as prescribed in the national defense act of 1916, providing for organization of infantry, cavalry and artillery units and the remainder so as to permit retention of new units—aviation—tank corps and others the usefulness of which was demonstrated during the war.

Restoration of Recruiting.

Return of the War department organization to bureau chiefs, instead of centering its organization in the general staff.

Restoration of recruiting, with provision for one and three year enlistments.

Abolishment of distinctive stripes for overseas or service at home during the war.

Continuation of the increased war pay for enlisted men.

Provision for the promotion of officers and men, recommended for such before the signing of the armistice.

The committee's report on the bill emphasizes that by establishing a temporary army of 27,579 officers and 509,699 men no suggestion is made that such should constitute the permanent standing army.

"In other words," the report says, "under this bill we may have more than a million men in the service at the beginning of the next fiscal year and perhaps not more than 200,000 at the end."

NAVAL PROGRAM IN DANGER

House Rules Committee Will Be Asked to Save Plan.

Washington, Feb. 11—Administration leaders will ask the aid of the House Rules committee in an effort to prevent the naval expansion program from being eliminated from the annual naval appropriation bill on points of order raised by Republican Leader Mann and sustained by Representative Garrett, of Tennessee.

Representative Mann contended that the authorization of ten superdreadnaughts and ten scout cruisers was legislation which could not properly be carried in an appropriation measure.

According to the dispatch Japan stipulated that failure by China to give such assurances would result in effective Japanese financial pressure on China.

DELAYS IMMIGRATION BILL

House Committee Leaves Measure for Next Congress.

Washington, Feb. 11—Chances for the four-year immigration exclusion bill coming up at this session of congress were virtually killed by decision of the house rules committee to provide for consideration of only three measures outside the regular supply bills. The three measures are bill making minor amendments to the Federal Reserve act, the wheat guarantee bill and a bill providing additional funds for the Federal Board of Vocational Training.

GERMAN DEMAND REFUSED

All Poles of Military Age Called To Fight Teutons.

Berlin, Feb. 11—The Polish volksrat has refused the German demand for withdrawal of its troops from the province of Posen and has called all Poles of military age to the colors for defense of that territory, it is reported.

TO REPEAL LUXURY TAXES

Chairman Kitchin Will Introduce Resolution.

Washington, Feb. 11—Chairman Kitchin of the House ways and means committee announced that as soon as President Wilson signed the new war revenue bill he would introduce a resolution for the repeal of the so-called luxury taxes applying to articles of wearing apparel.

France Gives Aid to America

The pouring out of French blood and the enormous financial sacrifices are not the only aid France has given America. We are indebted to the French peasants for a perfect remedy for stomach, liver and intestinal ailments which has not only been marvelously successful over there, but has been equally so over here. The ingredients are imported and put up for sale in this country by Geo. H. Mayr, for many years a leading Chicago chemist, under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and druggists everywhere.

Another Step Upwards

To young Abraham Lincoln a dollar meant a step upward. It was the wherewithal that would carry him onward. So steadfast and persistent was his faith in thrift that it made him a leader of nations. To him thrift was not so much a matter of saving as it was his abhorrence of waste. Your "short-cut" to success is through your bank-book. Save every cent you can. Start in to-day.

SERGT. WM. PICKLER

Stationed in Erden, Germany. Writes to His Parents, Mr. and Mrs. Frank Pickler

Sergeant William Pickler, stationed in Erden, Germany, in a letter to his parents, Mr. and Mrs. Frank Pickler, writes under date of January 8:

Erden, Germany
Jan. 8, 1918

Dear Folks:
Thought I would drop you a few lines to let you know that I am still well and in the best of health. Well the officers don't censor our mail anymore, so we can write anything that we want to.

It is great to write anything that we want because there was times when we couldn't write hardly anything. I used to hate to write because I couldn't say very much. That is the reason why these other letters were so short.

I always dropped you a few lines anyway just to let you know that I was always safe and still alive. Well the main fight is finished now but I am going to tell you a little about what happened in our last drive. The night before we went up to the front to go over the top they brought us up in a wood about a mile from the front. While we were going up there things were pretty quiet but we weren't there anymore than an hour when the big firework started. The big German shells fell everywhere. A person didn't know when the next one was going, whether it was meant for you or someone else.

Well we had orders to pitch our tents which we did. Of course a man wasn't going to sleep very much with those shells bursting around him. The only thing that a person could do was to lay there and think where the next one was going. Pieces of shells came so close to us that one piece went through the tent about 12 inches over our head. It tore a hole in the tent about the size of a dollar. That night you could hear men groaning and yelling for help everywhere. I think that night and the next day there was about 30 of them wounded and killed. There was five lucky men that night because a shell burst right near where they were laying and blew their rifles to splinters and never even scratched a one of them.

So you can see how lucky some men are or else God is with them which I expect it was. The next night we moved up to the front and believe me if you ever saw fireworks Fritz sure put it over that night. About every hundred yards we went we would have to drop to the ground because Fritz was sending up what they call star shells which would light up everything for miles around and you could see as plain as day.

Well we finally got up there and the next day was supposed to be the big day because we were to go over the top at 5:30 a. m. That morning at 2:30 the barrage started and talk about racket there sure was, and it lasted all day. When the time came we were off for the big race to chase Fritz. We hadn't gone very far until the German prisoners came pouring in. In one place there were about 100 of them that came out in one bunch with a suit of underwear tied on a stick to represent a white flag and there were hundred of wounded and dead laying all around us. I saw some real awful sights but I am not going to mention anything about that.

We were in the first wave driving for two days and then a new bunch passed over us and that threw us in reserve. We stayed there six days more and then were pulled back for a day and a half and started for the front again. We got out of bed one morning about 1 o'clock which was located in an old barn and started to hike for the front. We hiked from about 1:30 o'clock in the morning until 9 o'clock that night and were ordered to go over the top the next

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

We were in the first wave driving for two days and then a new bunch passed over us and that threw us in reserve. We stayed there six days more and then were pulled back for a day and a half and started for the front again. We got out of bed one morning about 1 o'clock which was located in an old barn and started to hike for the front. How Good We Feel...

Ever since DR. MILES' LAXATIVE TABLETS have been on the market, thousands of people both young and old have been testifying to the merits of this popular and time tried remedy for constipation and stomach disorders.

Mr. and Mrs. Guy Simmons of East Columbia, Ohio, are typical examples. Mr. Simmons says:

"I have given DR. MILES' LAXATIVE TABLETS a thorough trial and they are the best medicine of any kind I have ever used. They are pleasant to take and pleasant in action and do the work without weakening the digestive tract. My wife has been bothered with constipation for years and when she took DR. MILES' LAXATIVE TABLETS she got better results than she had ever been able to get with other remedies."

DR. MILES' LAXATIVE TABLETS are prepared especially for sufferers of constipation—the ingredients are such that they act surely, but gently on the bowels and assist in restoring health and regularity. A box of these tablets costs only a few cents at any drug store.

How Wind Travels.

When you are discussing the wind you must know that a gentle wind travels about five miles per hour, a high wind about 30 to 45 miles per hour, and a great hurricane 80 to 100 miles per hour. The velocity of the earth on its own axis exceeds it by 1,000 miles an hour. The velocity of the earth around the sun is calculated to be 65,000 miles per hour, and the velocity of the moon to be 2,273 miles per hour.

The club is composed of twenty-five girls and all are serving on a general committee. A seven piece orchestra has been engaged. The hall will be beautifully decorated. New hall lighting effects will be introduced.

Refreshment booths will be presided over by little girls and frappe will be served. The chaperones of the girls will be Mr. and Mrs. A. B. Willing.

DENNY-VAN HOVEN

Duluth Girl Well Known in Brainerd Married to Son of Senator Peter H. Van Hoven

(Duluth News Tribune of Sunday) Mr. and Mrs. W. H. Denny 3 Munger Terrace, announce the marriage yesterday of their daughter, Florence Jane, to Paul Hubbard Van Hoven of this city, son of Senator and Mrs. Peter H. Van Hoven of St. Paul.

The wedding took place at Sacred Heart cathedral at 9 o'clock yesterday morning, Rev. Fr. Powers officiating. The attendants were Miss Agnes Brotherton and Gilbert McCarthy. Simplicity marked the ceremony, only the members of the immediate families being present. A wedding breakfast was served afterward at the home of the bride's parents, covers being laid for 16.

Mr. and Mrs. Van Hoven will be at home March 1 at 1418 East Superior street.

Birthday Surprise

Mr. and Mrs. C. J. Meixner of 223 North Tenth street were most pleasantly surprised Saturday evening when a party of friends and neighbors put in an appearance at 8 o'clock the occasion being Mr. Meixner's birthday anniversary.

Progressive five hundred was played. The lady's head prize was won by Mrs. O. H. Oelwein, the foot prize by Mrs. J. Kohlihas. The gentleman's head prize was won by Wm. H. Canan and the foot prize by Fred H. Eastham.

Mrs. Meixner proved herself a most efficient hostess and served a most delicious supper at midnight.

The Norwegian-Danish Ladies' Aid will meet Wednesday afternoon in the church parlors, Mrs. Pete Olson and Mrs. Ingebregt Satre entertaining.

At the Best Tomorrow

In an outdoor play, with the big timber country for a canvas and with the lives of the lumberjacks for atmosphere, Wallace Reid, the ever popular Paramount star, is ideally cast. This is exceptionally the case in "The Source," his latest starring vehicle, which will be displayed at the Best theatre tomorrow.

The principal situation of this vigorous photoplay involves the reformation of a man who is addicted to drink and who through the influence of a woman and the bigness of the outdoor life comes back with a vengeance. This sort of character is one of the red-blooded kind which Mr. Reid invariably appears to signal advantage and there is little doubt that his admirers will find his new characterization one of the best of his screen career.

Mr. Reid is charmingly supported by Ann Little, as a girl, Theodore Roberts, Raymond Hatton, James Cruze and others. The picture was directed by George Melford and the story is based upon the successful novel of Clarence Budington Kelland.

Largest Event at High School Assembly Room, G. A. R. Relief Corps and Circle Invited

Patriotic exercises will be held in the high school assembly room on Lincoln's birthday, Wednesday afternoon, beginning at 2:30 o'clock. Parents are especially invited to be present at these exercises.

The G. A. R. Relief Corps and Circle will attend in a body, and it is hoped that as many returned soldiers as can arrange to be present, will do so and wear their uniforms. Exercises will also be held at the several grade buildings at the same hour.

Drama League Meeting

At the meeting of the Drama League on Monday afternoon Mrs. G. W. Mosler's paper on the Negro Players gave added preparation for the enjoyment of Ridgeley Torrence's play "Granny Maumee" read by Mrs. C. L. Burnett, and with Mrs. Burnett's vivid description of the setting and sympathetic reading, gave a very delightful afternoon.

Masquerade

On Saturday evening the eighth and mixed grades of the Washington school enjoyed a masquerade party at the home of Irene Samuelson, 521 South Broadway. The evening was spent in playing games and music. Fifty were present. Refreshments were served and all enjoyed a pleasant evening.

Ladies Aid

The Ladies Aid of the First Congregational church will meet tomorrow afternoon at the home of Mrs. G. D. LaBar on 7th street north, Mrs. LaBar and Mrs. Geo. Thomas entertaining.

Reception for Minister

A reception will be given at 8 o'clock this evening at the home of Mrs. F. S. Parker, 412 North Fourth street, for Rev. and Mrs. Hans Woerner, the former being the new rector of St. Paul's Episcopal church. A cordial invitation is extended to parish members and their friends.

Episcopal Guild

Wednesday afternoon at 3 o'clock a business meeting of the Episcopal guild will be held at the home of Mrs. W. H. Crowell, Fourth street.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

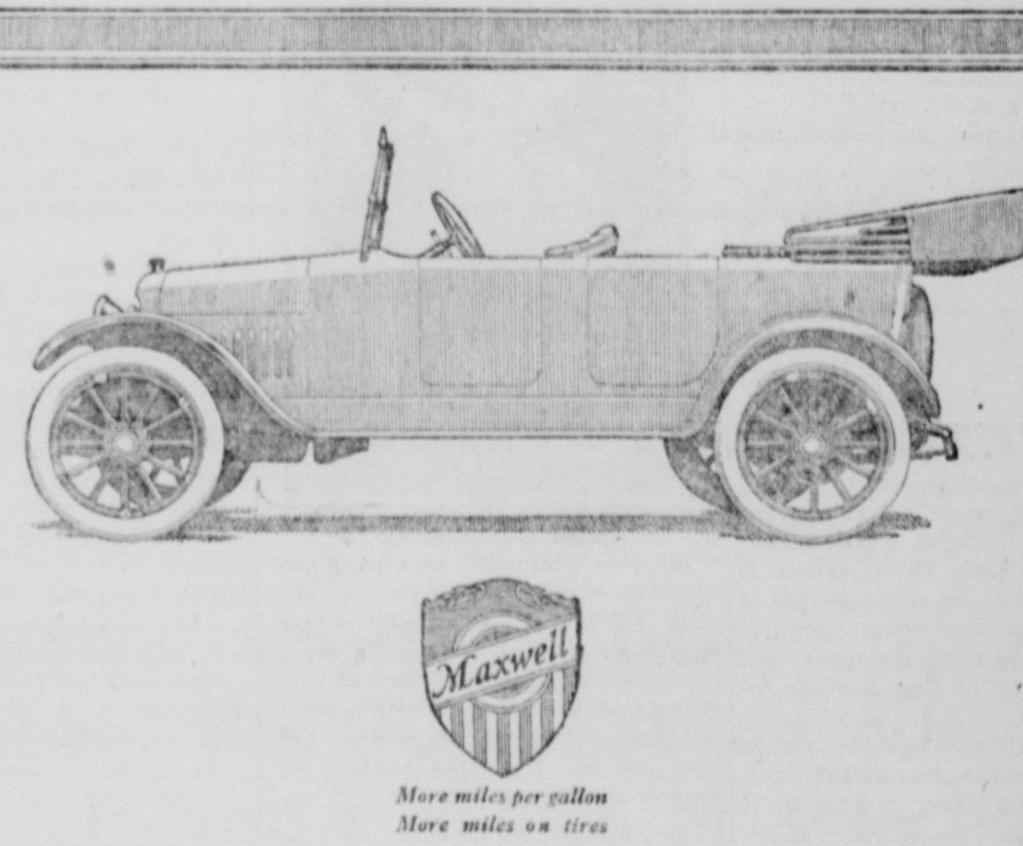

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

New in Beauty, Old in Virtues, This Maxwell Has Stirred America

EN buying cars today are giving this present day Maxwell searching consideration. For where, this moment, can you get a car, like a Maxwell, the chassis of which has had a 300,000 manufacturing run and the beauty of which has been improved to an astonishing degree?

They're weighing the soundness of the 300,000-all-like-for-five-years logic and they translate that into reliability supreme.

They know in their own business what changes in plan, in program, mean—how serious the losses in good will and profits—the dissatisfied customers.

Many of them have been "burned" by "new models" in days gone by, and have joined the "never again" club.

So this present day Maxwell has a deep appeal to them; and thousands since January 1 have reached for their check books as soon as they laid eyes on this new Maxwell.

Perhaps it is unfair to say "new" because the chassis is five years old in design. When we say "new" we mean its vastly improved appearance.

There are twenty-four things done to the Maxwell to make it better looking. Sharp angles have been removed; lines straightened; certain corners eliminated; bonnet vents increased in number; three more coats of paint added; fenders lowered; seats thickened three inches; a circassian dash installed; gas tank put in the rear, etc.

See the latest Maxwell, and you'll want one, too.

EAGLES ANNUAL BANQUET FEB. 12

Program at Their Hall in Citizens State Bank Building. Followed by Turkey Supper

H. P. DUNN, TOASTMASTER

Dancing, Concludes Entertainment—Strictly for Eagles and Their Ladies

The sixteenth anniversary celebration of Brainerd Aerie of Eagles will be held on Wednesday evening, Feb. 12, at the Citizens State bank hall, commencing at 8:30 o'clock.

The entertainment committee, A. P. Drogseth, S. R. Adair, A. C. Evert and H. M. Anderson, has arranged a splendid celebration for the evening consisting of a program, banquet and dance.

The invitations are limited strictly to the Eagles and their ladies.

Hon. H. P. Dunn will be toastmaster of the program. The numbers include a baritone solo by S. F. Aldeerman, song by A. C. Mrz, talk by Rev. Hans Woehler, saxophone solo by R. H. Rehl, songs by the Imperial quartet and two additional numbers may be added.

After the program comes the turkey supper which will be served by Wm. Garvey. Last year there were 210 served. Music will be furnished during the supper by Julius Witzam, Miss Cecil Witham and R. H. Rehl.

The floor committee in charge of dancing includes W. J. Lyonais A. C. Evert and Ed Stahlman. The Blue Ribbon orchestra will play for the dance.

CLERKS UNION ELECTION

Arthur Boldt was Elected President—Union Honors Miss Agnes Sundine of City

The Clerks Union meeting was a notable one, a class of nearly 60 candidates being accepted into membership. P. T. Brown, vice president of the sixth district State Federation of Labor, presided at the meeting.

New officers were elected as follows:

President—Arthur Boldt.
First Vice-President—Louis Hosmer.

Second Vice-President—Sigrid Carlson.

Recording Secretary—Ruth Johnson.

Corresponding and Financial Secretary—A. T. Peterson.

Treasurer—Goldie Hendlund.

Guide—Helen Brown.

Guardian—Mamie Rifenrath.

Trustee for three years—Hannah Olson.

A pleasant event of the evening was the honor paid Miss Agnes Sundine, member and officer for many years of the Clerks union. She was presented with a traveling bag.

Luncheon was served in the course of the evening and a dance concluded the session.

LABOR CONDITIONS TOWN AND COUNTY

Small Lay Off of Carmen at the Northern Pacific Railway Shops and on Iron Range

GROWTH OF UNIONS IN THE CITY

Union Labor Gained Approximately 350 Members Since the First of the Year

Labor conditions in Brainerd and Crow Wing county are normal. There is nothing in the way of strikes or unrest.

Locally at the Northern Pacific railway shops there has been a lay off for a time of 25 carmen. These are expected to be returned to work as soon as car work picks up in the spring.

On the iron range the condition of the ore market is reflected in production. The Sultana mine near Crosby and Ironton laid off its day and night crews of 225 men.

In Brainerd labor has shown a remarkable increase in membership since the first of the year. The retail clerks gained approximately 63 new members. The foundry employees formed a union with 76 members. The maintenance of way men organized with 37 men. The rail way clerks gained 35 men, the electricians 1, machinists 25, carmen 30 and boilermakers 25. These are approximate figures, making the union gain since January 1 in Brainerd 350, exceeding in this record any city of its size in the state.

At the Best Tonight

Constance Talmadge is presented by Lewis J. Seitznick in Select's latest offering, "A Lady's Name," written by Cyril Harcourt, author of "A Pair of Silk Stockings," which will be seen at the Best theatre today.

"A Lady's Name" introduces Constance as a young and popular writer in search of literary material. She is engaged to a rather priggish young man, but is rapidly tiring of him. In order to secure material for a novel she advertises in a newspaper for a husband, thereby shocking her roommate, a young suffragette, and incensing her finance, who asks her to promise not to answer any more of the letters that she has received. She promises but she has already answered three of the applicants who are due to call.

The applicants arrive, the first one proving frankly impossible, but the second is a solemn little man, a butler, and Mabel is delighted with him as a subject for material and agrees to have tea with him at the house where he works while his master is away. The third applicant is a handsome young man, Noel Corcoran, and Mabel becomes very much interested in him, though she hides her interest and sends him away because she thinks he needs to be taken down.

While she is having tea with the butler the next day his master unexpectedly enters and she finds him to be her third applicant. On a bet she answers two more of the letters which she has received which causes her to break her engagement with her finance. She then becomes engaged to Noel Corcoran.

Expect you have lots of snow up there by this time. That's one thing we have on you. We haven't had any snow to speak about, have had mostly rain. The ground is not yet frozen up.

This country sure is great for beautiful scenery. Am glad I was lucky enough to take the trip, as it is worth lots of money to any one for the great experience which I will never regret. Hope this will find you all well as usual. As for myself, am feeling fine. So beg to close, with love to all from your brother, O. H. K.

SOME people have an idea that "all molasses is alike." This is not so. Molasses varies in grades—like coffee, for instance.

To know real molasses is to know *Brer Rabbit*—absolutely pure New Orleans Molasses from New Orleans.

The sugar shortage taught thousands of resourceful housewives how *Brer Rabbit* takes the place of sugar.

We all know that we use sugar because it's sweet—it has no flavor.

But *Brer Rabbit* not only sweetens like sugar—it flavors.

Both sugar and *Brer Rabbit* are made from Sugar Cane. Both are pure. *Brer Rabbit* contains a large amount of real sugar.

There Are Two Kinds of Brer Rabbit Molasses

Both Are Absolutely Pure New Orleans Molasses

GOLD LABEL Brer Rabbit Molasses is mild in flavor, light in color and is delicious for table use—as a spread for pancakes, waffles, biscuits, etc. It is especially fine for cooking, baking and candy making.

GREEN LABEL Brer Rabbit Molasses is darker in color, slightly stronger in flavor, and is splendid for cooking, baking and candy making. It costs less than the *Gold Label*.

For cooking and baking; for stewing prunes, dried apples, peaches and other dried fruits; for baking apples—don't worry about sugar. Use *Brer Rabbit* Molasses.

It is delicious, wholesome and health-building.

And there is lots of it at all good grocers.

For the Children

Youngsters naturally crave molasses. Years ago sliced bread and molasses was part of the daily diet of children.

GOLD LABEL Brer Rabbit Molasses gives to the child the elements the young growing body needs. *Brer Rabbit* is absolutely pure—therefore, wholesome, palatable and strengthening.

Doctors will tell you what molasses and bread means to children.

Besides it saves sugar and cuts the butter bill.

Butterbean Is Meal.

A meal for a whole family from one bean is possible now in California. The bean is called the Guinea butterbean, and one offered in the Los Angeles market was almost three feet long and nine inches in circumference. It is said to be excellent eating, similar to the eggplant.

Natural Lightning Conductor.

The astronomical observatory at Mount Etna does not need at any time the protection of a lightning rod. The observatory is near the summit of the volcano, and the stream of vapor constantly rising from the crater acts as a natural conductor, draining the electricity out of the clouds, so that the lightning is seldom seen there.

Judging Others.

We cannot judge our fellow men without in some measure judging ourselves. We are always inwardly laying down laws for others, and by that very act are forming a code for ourselves. The wrong we see in another may be the sin of his ignorance, but there can be no like excuse for us who have recognized and labeled it.

Secretary of the Treasury Asks

SENDS DRAFT OF BILL

Glass Seeks Permission to Determine
Interest Rate and Other Terms
of the Coming Victory
Liberty Issue.

Washington, Feb. 11.—Congress is requested by Secretary Glass to increase the amount of Liberty Bonds authorized, but unissued, to approximately \$10,000,000,000 and to give him broad powers to determine the interest rate and other terms of the Victory Liberty Loan, to be floated late in April.

Mr. Glass also sought permission to issue not more than \$10,000,000,000 of treasury notes, maturing within five years, and asked that the war finance corporation be authorized for one year after the declaration of peace to make commercial loans on exports to facilitate foreign trade.

In a letter to Chairman Kitchin of the House Ways and Means committee, Secretary Glass outlined the broad policies which the treasury hopes to follow in dealing with war loans and other national financial subjects of the readjustment period.

Draft of Bill Submitted.

The secretary submitted a draft of a bill which would carry out the treasury's recommendations. Specifically this bill would accomplish the following results:

Raise from \$5,000,000,000 to \$10,000,000,000 the authorization for the Victory Liberty Loan and permit the treasury to determine what part of this sum should be sold.

Permit the secretary of the treasury to determine interest rates on bonds maturing within 10 years, or the next Liberty Loan, instead of limiting the rate to 4½ per cent, as provided in the present law.

Permit the issue of not more than \$10,000,000,000 of interest-bearing, non-circulating notes having maturities from one to five years; these might be sold along with bonds for the Victory Liberty Loan.

Authorize the issue of bonds and notes payable at a premium.

Exempt War Savings certificates from income surtaxes.

Confer on the Secretary of the Treasury authority to determine the tax exemption in respect to future issues of bonds and notes and to enlarge tax exemptions of existing Liberty Bonds in the hands of subscribers for new bonds and notes.

Reopen the privilege of converting 4 per cent Liberty Bonds into 4½; this privilege expired last November 9.

Create a 2½ per cent cumulative sinking fund for retirement of the war debt.

Prince Henry Says Then Germany
Will Be Prosperous.

London, Feb. 11.—The Hamburg Nachrichten, which recently in a series of articles has been dealing with Germany's future, wrote to Prince Henry of Prussia, brother of former Emperor William, in order to ascertain his views on the subject.

Prince Henry replied, according to the Nachrichten, that Germany, in order to reach her future goal, must re-establish her monarchy and her economic life on the pre-war basis. The empire, he added, should be placed again under the old dynasty and under the leadership of Prussia.

BUTTE MINERS ON STRIKE

Situation Is Under Control of Military
Forces.

Butte, Feb. 11.—Twelve thousand miners are idle here, either as a result of last week's strike of independent union organizations as a protest against a reduction of \$1 a day in wages. The situation is under control of military forces commanded by Maj. A. M. Jones.

Operation of street car service in Butte was halted when crowds of strikers surrounded the barns, and, according to the military authorities, threatened violence if the cars were sent on their runs.

BY ROBERT J. BENDER.
(Staff Correspondent, United Press)

Paris, Feb. 11.—President Wilson planned today to leave Friday for Brest, preparatory to sailing for the United States. There was a possibility, however, that his steamer might not leave before Sunday.

The president's party will include Earl Reading, the French Ambassador Jusserand, the Italian Ambassador Cellero and Franklyn Roosevelt, assistant secretary of the navy.

The reprint of the league of nations constitution, completed and approved yesterday, was to be read at today's session of the committee, of which President Wilson is chairman.

During the afternoon the president was to meet the supreme war council, when the Belgian delegates were to discuss the systematic plans of the Germans to destroy Belgian industries.

The matter will be referred to the supreme war council for handling in connection with the indemnities and armistice provisions.

The further occupation of other strategic points to insure compliance with the armistice as planned by Marshal Foch, was also to be considered.

The president will attend the benefit opera tonight.

Washington, Feb. 11.—President Wilson has cabled a request to Secretary Tumulty that no ovation be arranged in his honor on his return to the United States. The president stated he would come direct to Washington, after landing at an Atlantic port. No definite sailing date was decided upon.

54 BANISHED FROM U.S.

I. W. W.s Under Heavy Guard on
Way to Atlantic Port.

Most of Them Come From Seattle,
Where They Took Part in
Fomenting General Strike.

Chicago, Feb. 11.—A special train carrying 54 members of the I. W. W. under heavy guard passed through Chicago on the way to an Atlantic port, where, it is said, the immigration authorities will deport them at once.

Forty of the prisoners came direct from Seattle, where they took part in fomenting the general strike which has paralyzed the industries of that city for several days.

Three Strike Leaders in Net.

Three leaders of the Seattle strike, one Spokane agitator, an I. W. W. leader from Denver and five alien convicts arrested in Chicago were among the prisoners gathered into the federal net.

The majority of the men were alien labor agitators picked up by officers of the United States immigration service during a year of secret campaigning in industrial centers of the Pacific coast. A. D. H. Jackson, chief of the Seattle office of the immigration service, was in charge of the party.

The majority of the prisoners will be sent back to Russian provinces. The only attempt at a mob delivery of the prisoners was frustrated. Before the train reached Butte, Mont., officers were warned that I. W. W. leaders had learned of the deportation and were massing to deliver their comrades. The two cars were cut off at a junction and set into another train which made a wide detour of both Butte and Helena.

BITTERLY FLAY ANARCHISTS

Mayors of Minnesota Cities Hold
Meeting in Minneapolis.

Minneapolis, Feb. 11.—Bolshevism, anarchy and the leaders and followers of dissension in America were bitterly laid, while true Americanism, the type immortalized by Roosevelt and Lincoln, was extolled in stirring addresses by several of Minnesota's foremost citizens at a banquet in the West hotel attended by 400 mayors of cities of the state and citizens of the Twin cities.

Dr. Marion L. Burton, president of the University of Minnesota; Speaker Nolan of the House of Representatives; Mayor Hodgson of St. Paul; Lt. Col. William H. Donahue of the 15th field artillery; Congressman-elect Walter H. Newton, and Mayor Meyers laid the problems of America squarely on the table and called on the mayors to do their duty in fighting the hidden forces gnawing at the roots of American citizenship and loyalty.

NAVAL PROGRAM IN DANGER

House Rules Committee Will Be
Asked to Save Plan.

Washington, Feb. 11.—Administration leaders will ask the aid of the House rules committee in an effort to prevent the naval expansion program from being eliminated from the annual naval appropriation bill on points of order raised by Republican Leader Mann and sustained by Representative Garrett, of Tennessee, Democrat, who was presiding.

Representative Mann contended that the authorization of ten superdreadnaughts and ten scout cruisers was legislation which could not properly be carried in an appropriation measure.

TO REPEAL LUXURY TAXES

Chairman Kitchin Will Introduce
Resolution.

Washington, Feb. 11.—Chairman Kitchin of the House ways and means committee announced that as soon as President Wilson signed the new war revenue bill he would introduce a resolution for the repeal of the so-called luxury taxes applying to articles of wearing apparel.

STANDING ARMY MEASURE DRAWN

Bill Reported by Military Commit-
tee to House Calls for
538,488 Men.

GUARD FORCE 106,200

Equipment and Supplies for Militia
Organization Will Be Furnished
Without Charge by the
War Department.

Washington, Feb. 11.—The annual army appropriation bill reported to the house by the military committee provides for a temporary military establishment of 28,579 officers and 509,909 enlisted men.

The measure carries a total of \$1,007,289,400. The committee said an army of the size recommended would be necessary during the period of demobilization.

Chairman Dent said the bill, which appropriates about \$68,000,000 less than was asked by the War department, will be taken up in the house as soon as the naval appropriation bill is passed or about the middle of the week.

Legislation affecting the National guard is among the features of the bill. A National guard organization of 106,200 men is contemplated. Equipment and supplies would be provided without charge by the War department from the war stores. The total appropriations for the guard aggregate \$10,735,000.

Other leading features of the bill are: Dual organization of the temporary army of 537,588 men so that part will be constituted as prescribed in the national defense act of 1916, providing for organization of infantry, cavalry, and artillery units and the remainder so as to permit retention of new units—aviation—tank corps and others the usefulness of which was demonstrated during the war.

Restoration of Recruiting.

Restoration of the War department organization to bureau chiefs, instead of centering its organization in the general staff.

Restoration of recruiting, with provision for one and three year enlistments.

Abolishment of distinctive stripes for overseas or service at home during the war.

Continuation of the increased war pay

France Gives Aid to America

The pouring out of French blood and the enormous financial sacrifices are not the only aid France has given America. We are indebted to the French peasants for a perfect remedy for stomach, liver and intestinal ailments which has not only been marvelously successful over there, but has been equally so over here.

The ingredients are imported and put in for sale in this country by Geo. H. Mayr, for many years a leading Chicago chemist under the name of Mayr's Wonderful Remedy.

It is a simple, harmless preparation that removes the mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis.

Another Step Upwards

To young Abraham Lincoln a dollar meant a step upward. It was the wherewithal that would carry him onward. So steadfast and persistent was his faith in thrift that it made him a leader of nations. To him thrift was not so much a matter of saving as it was his abhorrence of waste. Your "short-cut" to success is through your bank-book. Save every cent you can. Start in to-day.

SERGT. WM. PICKLER

Stationed in Erden, Germany. Writes to His Parents, Mr. and Mrs. Frank Pickler

Sergeant William Pickler, stationed in Erden, Germany, in a letter to his parents, Mr. and Mrs. Frank Pickler, writes under date of January 8:

Erden, Germany
Jan. 8, 1918

Dear Folks:

Thought I would drop you a few lines to let you know that I am still well and in the best of health. Well the officers don't censor our mail anymore, so we can write anything that we want to.

It sure is great to write anything that we want because there was times when we couldn't write hardly anything. I used to hate to write because I couldn't say very much. That is the reason why those other letters were so short.

I always dropped you a few lines anyway just to let you know that I was always safe and still alive. Well the main fight is finished now but I am going to tell you a little about what happened in our last drive.

The night before we went up to the front to go over the top they brought us up in a wood about a mile from the front. While we were going up there things were pretty quiet but we weren't there anymore than an hour when the big fireworks started. The big German shells fell everywhere. A person didn't know when the next one was going, whether it was meant for you or someone else.

Well we had orders to pitch our tents which we did. Of course a man wasn't going to sleep very much with those shells bursting around him.

The only thing that a person could do was to lay there and think where the next one was going. Pieces of shells came so close to us that one piece went through the tent about 12 inches over our head. It tore a hole in the tent about the size of a dollar.

That night you could hear men groaning and yelling for help everywhere. I think that night and the next day there was about 30 of them wounded and killed.

There was five lucky men that night because a shell burst right near where they were laying and blew those rifles to splinters and never even scratched a one of them.

So you can see how lucky some men are or else God is with them which I expect it was. The next night we moved up to the front and believe me if you ever saw fireworks Fritz sure put it over that night.

About every hundred yards we went we would have to drop to the ground because Fritz was sending up what

they call star shells which would light up everything for miles around and you could see as plain as day.

Well we finally got up there and the next day was supposed to be the big day because we were to go over the top at 5:30 a. m. That morning at 2:30 the barrage started and talk about racket there sure was and it lasted all day. When the time came we were off for the big race to chase Fritz. We hadn't gone very far until the German prisoners came pouring in. In one place there were about 100 of them that came out in one bunch with a suit of underwear tied on a stick to represent a white flag and there were hundred of wounded and dead laying all around us. I saw some real awful sights but I am not going to mention anything about that.

We were in the first wave driving for two days and then a new bunch passed over us and that threw us in reserve. We stayed there six days more and than were pulled back for a day and a half and started for the front again.

We got out of bed one morning about 1 o'clock which was located in an old barn and started to hike for the front. We hiked from about 1:30 o'clock in the morning until 9 o'clock that night and were ordered to go over the top the next

morning at 6:30 a. m. but an order came to dig in and stay. We were sure all glad because we were all in. I had two of the prettiest blisters on my feet that you ever saw. But the best of all was the news that came about 10 o'clock. The captain came around and told us to stay in our holes because hostilities would seize at 11 o'clock. We were all sure tickled but had orders not to make any noise. We weren't anymore than about two hundred yards from the Germans and could see them and hear them yell when 11 o'clock came.

The last German shell fell about 15 feet from me and lit in a hole and wounded four men. I sure think myself lucky to pull through what I did. I guess that your prayers were answered and I sure thank you ever so much because I think that had a lot to do with it. Well I think I will have to close for this time and save a little for the next. With regards to all.

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry,
Avoid Exposure and Eat Less Meat

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity.

In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.

How Good We Feel...

Ever since DR. MILES' LAXATIVE TABLETS have been on the market, thousands of people both young and old have been testifying to the merits of this popular and time tried remedy for constipation and stomach disorders.

Mr. and Mrs. Guy Simmons of East Columbia, Ohio, are typical examples. Mr. Simmons says:

"I have given DR. MILES' LAXATIVE TABLETS a thorough trial and they are the best medicine of any kind I have ever used. They are pleasant to take and pleasant in action and do the work without troubling the digestive system. I do not know of any other medicine that has given me so much more or less all her life. When she began using DR. MILES' LAXATIVE TABLETS she got better results than she had ever been able to get with other remedies."

DR. MILES' LAXATIVE TABLETS are prepared especially for sufferers of constipation—the ingredients

Taste Like Candy are such that they act surely, but gently on the bowels and assist in restoring healthful regularity. A box of these tablets costs only a few cents at any drug store. They taste like candy. Ask your druggist about them. He knows why they are the ideal laxative for old and young.

How Wind Travels.

When you are discussing the wind you must know that a gentle wind travels about five miles per hour, a high wind about 30 to 45 miles per hour, and a great hurricane 80 to 100 miles per hour. The velocity of the earth on its own axis exceeds it. It is believed, 1,000 miles an hour. The velocity of the earth around the sun is calculated to be 66,000 miles per hour, and the velocity of the moon to be 2,273 miles per hour.

Twenty-five Girls Belong to the Club, Dance to be Strictly an Invitation Affair

One of the most ambitious events in the calendar of the Hob Nob club will be its dancing party, an invitation affair, given Monday evening, March 3, at the K. C. hall. This will be the club's last dance before Lent.

The club is composed of twenty-five girls and all are serving on a general committee. A seven piece orchestra has been engaged. The hall will be beautifully decorated. New hall lighting effects will be introduced.

Refreshment booths will be presided over by little girls and frappe will be served. The chaperones of the girls will be Mr. and Mrs. A. B. Willing.

DENNY-VAN HOVEN

Duluth Girl Well Known in Brainerd Married to Son of Senator

Peter H. Van Hoven

(Duluth News Tribune of Sunday)

Mr. and Mrs. W. H. Denny of Munger Terrace, announce the marriage yesterday of their daughter, Florence Jane, to Paul Hubbard Van Hoven of this city, son of Senator and Mrs. Peter H. Van Hoven of St. Paul.

The wedding took place at Sacred Heart cathedral at 9 o'clock yesterday morning, Rev. Fr. Powers officiating. The attendants were Miss Agnes Brotherton and Gilbert McCarthy. Simplicity marked the ceremony, only the members of the immediate families being present. A wedding breakfast was served afterward at the home of the bride's parents, covers being laid for 16.

Mr. and Mrs. Van Hoven will be at home March 1 at 1418 East Superior street.

Birthday Surprise

Mr. and Mrs. C. J. Meixner of 223 North Tenth street were most pleasantly surprised Saturday evening when a party of friends and neighbors put in an appearance at 8 o'clock the occasion being Mr. Meixner's birthday anniversary.

Progressive five hundred was played. The lady's head prize was won by Mrs. O. H. Oelwein, the foot prize by Mrs. J. Kohihaas. The gentleman's head prize was won by Wm. H. Canan and the foot prize by Fred H. Eastham.

Mrs. Meixner proved herself a most efficient hostess and served a most delicious supper at midnight.

Norwegian-Danish Aid

The Norwegian-Danish Ladies' Aid will meet Wednesday afternoon in the church parlor, Mrs. Pete Olson and Mrs. Ingebrekt Satre entertaining.

At the Best Tomorrow

In an outdoor play, with the big timber country for a canvas and with the lives of the lumberjacks for atmosphere, Wallace Reid, the ever popular Paramount star, is ideally cast. This is exceptionally the case in "The Source," his latest starring vehicle, which will be displayed at the Best theatre tomorrow.

The principal situation of this vigorous photoplay involves the reformation of a man who is addicted to drink and who through the influence of a woman and the bigness of the outdoor life comes back with a vengeance. This sort of character is one of the red-blooded kind which Mr. Reid invariably appears to signal advantage and there is little doubt that his admirers will find his new characterization one of the best of his screen career.

Mr. Reid is charmingly supported by Ann Little, as a girl, Theodore Roberts, Raymond Hatton, James Cruze and others. The picture was directed by George Melford and the story is based upon the successful novel of Clarence Budington Kelland.

Baptist Bible Class

Thirty men attended the Men's Bible class yesterday morning at the First Baptist Church School.

This Bible school is growing in interest in all of its divisions. The attendance report for Sunday Feb. 2nd as read yesterday was 98 per cent of the total enrollment. Visitors are always welcome to this school which meets at 9:45 a. m. every Sunday.

LINCOLN BIRTHDAY EXERCISES FEB. 12

Exercises to be Held at the Several Grade Schools of the City at the Same Hour

2:30 WEDNESDAY AFTERNOON

Largest Event at High School Assembly Room, G. A. R. Relief Corps and Circle Invited

Patriotic exercises will be held in the high school assembly room on Lincoln's birthday, Wednesday afternoon, beginning at 2:30 o'clock. Parents are especially invited to be present at these exercises.

The G. A. R., Relief Corps and Circle will attend in a body, and it is hoped that as many returned soldiers as can arrange to be present, will do so and wear their uniforms. Exercises will also be held at the several grade buildings at the same hour.

Drama League Meeting

At the meeting of the Drama League on Monday afternoon Mrs. G. W. Mosler's paper on the Negro Players gave added preparation for the enjoyment of Ridgeley Torrence's play "Granny Maumee" read by Mrs. C. L. Burnett, and which with Mrs. Burnett's vivid description of the setting and sympathetic reading, gave a very delightful afternoon.

Masquerade

On Saturday evening the eighth and mixed grades of the Washington school enjoyed a masquerade party at the home of Irene Samuelson, 521 South Broadway. The evening was spent in playing games and music. Fifty were present. Refreshments were served and all enjoyed a pleasant evening.

Ladies Aid

The Ladies Aid of the First Congregational church will meet tomorrow afternoon at the home of Mrs. G. D. LaBar on 7th street north. Mrs. LaBar and Mrs. Geo. Thomas entertaining.

Reception for Minister

A reception will be given at 8 o'clock this evening at the home of Mrs. F. S. Parker, 412 North Fourth street, for Rev. and Mrs. Hans Woerner, the former being the new rector of St. Paul's Episcopal church. A cordial invitation is extended to parish members and their friends.

Episcopal Guild

Wednesday afternoon at 3 o'clock a business meeting of the Episcopal guild will be held at the home of Mrs. W. H. Crowell, Fourth street.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

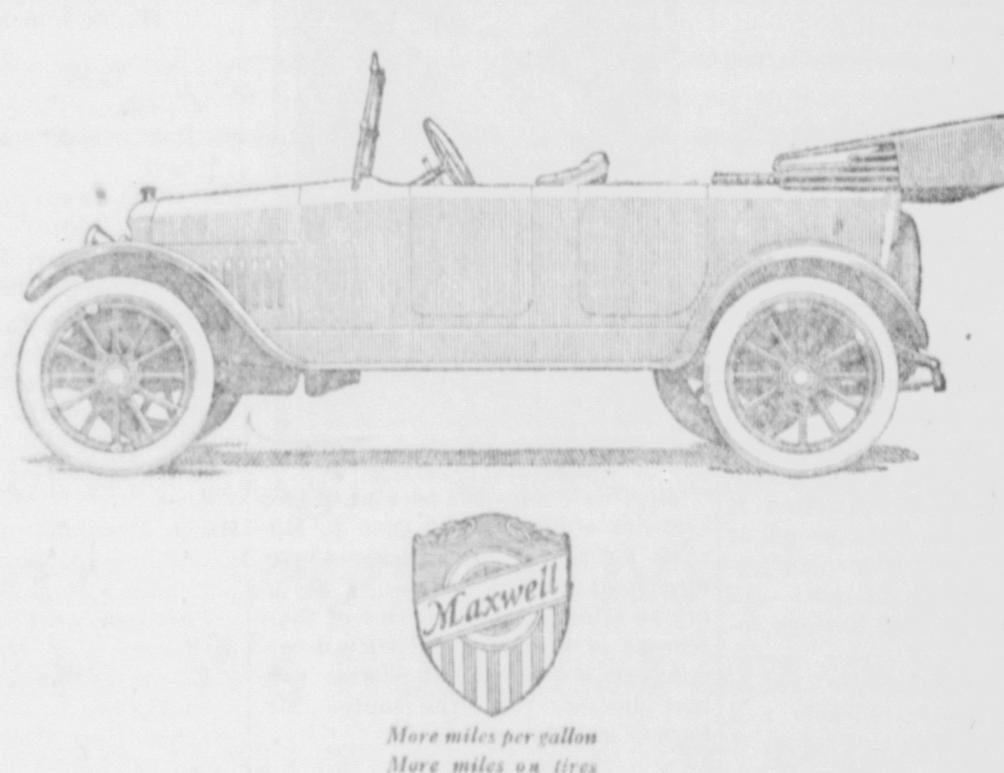

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, bilious, nasty breath, rheumatism, colds; and particular those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

New in Beauty, Old in Virtues, This Maxwell Has Stirred America

Men buying cars today are giving this present day Maxwell searching consideration. For where, this moment, can you get a car, like a Maxwell, the chassis of which has had a 300,000 manufacturing run and the beauty of which has been improved to an astonishing degree?

They're weighing the soundness of the 300,000-all-like-for-five-years logic and they translate that into reliability supreme.

They know in their own business what changes in plan, in program, mean—how serious the losses in good will and profits—the dissatisfied customers.

Many of them have been "burned" by "new models" in days gone by, and have joined the "never again" club.

So this present day Maxwell has a deep appeal to them; and thousands since January 1 have reached for their check books as soon as they laid eyes on this new Maxwell.

Perhaps it is unfair to say "new" because the chassis is five years old in design. When we say "new" we mean its vastly improved appearance.

There are twenty-four things done to the Maxwell to make it better looking. Sharp angles have been removed; lines straightened; certain corners eliminated; bonnet vents increased in number; three more coats of paint added; fenders lowered; seats thickened three inches; a circassian dash installed; gas tank put in the rear, etc.

See the latest Maxwell, and you'll want one, too.

ISN'T IT TRUE?

What is a nickel worth?
 Of and by itself not much, you may think.

Nevertheless, a nickel SAVED gives you, without waiting, the interest earnings of a whole dollar for a whole year.

And a nickel WASTED means a dollar put in an old sock, hidden away, made useless for at least 365 days.

Saving is the foundation of thrift. Thrift stops waste, increases wealth and builds prosperity.

These are some of the things the War Savings division of the Ninth District War Loan Organization is trying to impress upon the people of this and other Northwest communities through general publicity and the organization of War Savings societies.

These thoughts make us who have had little respect for nickels and dimes and dollars stop and think. It should make us take a personal inventory and decide if there are not ways in which we can save. It should make us cut out some personal waste and put the result into some of Uncle Sam's stamps.

This thinking in interest and the saving of money leads to endless and helpful reflection.

For example, if every person in the United States saved only one insignificant, little nickel in one day by doing without some useless and perhaps harmful thing, what would it amount to?

It would mean that at night on that day the people of the United States would be just five million dollars richer.

Suppose the people kept this up for one short month. What would that mean?

It would mean that at the end of that thirty days the people of the United States would have saved One Hundred and Fifty Million Dollars.

This would be great, but why not keep it up for the rest of 1919? The result of this combined and continued saving would be that we, the people of the United States, would have saved for investment, between now and January 1st, over one billion, five hundred million dollars.

This immense sum, if invested in War Savings Stamps, would earn for us savers approximately sixty-four million dollars in 1920. This would have been done without a single sacrifice, with hardly an effort and all from nickel savings.

Just think of the result if individual saving and investment were carried into dollars and hundreds of dollars, as it should be.

This wonderful nation must now depend on its own people to finance its great governmental projects and all of its own industrial development. To do this we must learn to produce more, to eliminate waste, to save and to invest wisely. With the lesson of Thrift learned, nothing can stop us. Personal and national limits of accomplishment will be off.

Let's begin now by:

Following the suggestions of the War Loan organization.

Figuring out what a nickel is worth.

Saving and investing in War Savings Stamps—a security of the world's richest government.

Think this over.

Think in interest. Save.

NEWSPAPER OFFICE EXEMPT

Alvin Eastman remarks sentimentally in the St. Cloud Journal-Press that there's one consolation in publishing a paper. You never get held up by bandits for cash in the safe.

This is in direct contrast with banks about the country and the height of effrontery on the part of bandits was attained at Minneapolis where five, unmasked, stole \$25,000 from the Liberty State bank.

Such a thing could never be

"pulled off" in any newspaper office in the state. In the first place they would have to get by a hardened editor and office force who would "nail them" for a subscription and the inviting office safe, always open, would be rich only in accounts due.

Likely as not the paper would seize and hold the whole outfit of robbers and then gain a fat reward from the state.

Probable Successor to Thomas W. Gregory as Member of the Cabinet

A. MITCHELL PALMER

Most well-informed persons in government circles believe that A. Mitchell Palmer, Alien Property Custodian, will succeed Thomas W. Gregory as attorney general. One of their reasons is President Wilson's determination not to appoint another cabinet member from the south. Mr. Palmer is a Pennsylvanian.

No Chicago-Minnesota Game.

Chicago, Feb. 11.—The chances of the University of Chicago meeting Minnesota in a post season basketball game for the conference champion should such a game be necessary to decide the title, are slight, Coach Pat Page of the Maroons said. "Our failure to play Minnesota this year resulted from two reasons," said Page. "One was that we would be forced to drop rivals nearer home off our list in order to include Minnesota on our schedule."

Ukraine Accepts Invitation.

Paris, Feb. 11.—The Ukrainian anarcho-government has announced that it is willing to accept the invitation of the Allies to the proposed conference of Russian factions, according to the Temps, but it considers the date fixed, Feb. 15, too near at hand. The government also expresses a preference for holding the conference at Paris instead of on the Princess Islands. The anti-Bolshevist governments of Russia are apparently firm in declining to participate in the Princess Islands conference.

Kieckhefer to Defend Title.

Chicago, Feb. 11.—August Kieckhefer, Chicago, world's three cushion billiard champion, will defend his title for the eighth time in 12 months when he meets Alfredo De Oro, the Cuban veteran, in a 15-point match here Feb. 13, 14 and 15. Seven times since he won the title from De Oro a year ago, Kieckhefer has sent his opponent down to defeat. Twice he conquered Robert Canefax and Pierre Maupome, and also added Charles Otis and Charles McCourt to his list of defeated opponents.

LABOR CONDITIONS TOWN AND COUNTY

Small Lay Off of Carmen at the Northern Pacific Railway Shops and on Iron Range

GROWTH OF UNIONS IN THE CITY

Union Labor Gained Approximately 350 Members Since the First of the Year

Labor conditions in Brainerd and Crow Wing county are normal. There is nothing in the way of strikes or unrest.

Locally at the Northern Pacific railway shops there has been a lay off for a time of 25 carmen. These are expected to be returned to work as soon as car work picks up in the spring.

On the iron range the condition of the ore market is reflected in production. The Sultana mine near Crosby and Ironton laid off its day and night crews of 225 men.

In Brainerd union labor has shown a remarkable increase in membership since the first of the year. The retail clerks gained approximately 63 new members. The foundry employees formed a union with 76 members. The maintenance of way men organized with 37 men. The railway clerks gained 95 men, the electricians 1, machinists 25, carmen 30 and boilermakers 25. These are approximate figures, making the union gain since January 1 in Brainerd 350, exceeding in this record any city of its size in the state.

At the Best Tonight

Constance Talmadge is presented by Lewis J. Seznick in Select's latest offering, "A Lady's Name," written by Cyril Harcourt, author of "A Pair of Silk Stockings," which will be seen at the Best theatre today.

"A Lady's Name" introduces Constance as a young and popular writer in search of literary material. She is engaged to a rather priggish young man, but is rapidly tiring of him.

In order to secure material for a novel she advertises in a newspaper for a husband, thereby shocking her roommate, a young suffragette, and incensing her fiance, who asks her to promise not to answer any more of the letters that she has received. She promises but she has already answered three of the applicants who are due to call.

The applicants arrive, the first one proving frankly impossible, but the second is a solemn little man, a butler, and Mabel is delighted with him as a subject for material and agrees to have tea with him at the house where he works while his master is away. The third applicant is a handsome young man, Noel Corcoran, and Mabel becomes very much interested in him, though she hides her interest and sends him away because she thinks he needs to be taken down.

While she is having tea with the butler the next day his master unexpectedly enters and she finds him to be her third applicant. On a bet she answers two more of the letters which she has received which causes her to break her engagement with her fiance. She then becomes engaged to Noel Corcoran.

Received your letters which were sent to Camp Upton, N. Y. Believe me, sure was glad to receive same as a letter in France is just like a day in the good old U. S. A.

Expect you have lots of snow up there by this time. That's one thing we have on you. We haven't had any snow to speak about, have had mostly rain. The ground is not yet frozen up.

This country sure is great for beautiful scenery. Am glad I was lucky enough to take the trip, as it is worth lots of money to any one for the great experience which I will never regret. Hope this will find you all well as usual. As for myself, am feeling fine. So beg to close, with love to all from your brother, O. H. K."

The society will have dinner at the Ransford hotel at 6 o'clock. No scientific program will be given. The annual election of officers will be held. Dr. J. B. Holst of Little Falls is president of the association and Dr. J. A. Evert of Brainerd is secretary-treasurer.

BASKETBALL DOPE

Contest Between Bemidji and Little Falls Feb. 12 Will Have Bearing on Championship (Bemidji Daily Pioneer)

Bemidji and Little Falls high schools will meet for the first time this season on the local basketball floor Wednesday evening, on Lincoln's birth anniversary, in what will have a big bearing on the third high school athletic district championship. Neither team has been defeated this year and the winner will head the district for the present. By comparative scores the odds favor Little Falls.

U. S. MARSHAL ACTS AS AUCTIONEER TODAY

Joseph A. Wessel Sells Two Flivvers and a Studebaker to Bidders at Postoffice

FAIR PRICES ARE REALIZED

Cars Were Seized by Indian Agents When Owners Were Trying to Run Indian Treaty Blockade

Officiating as auctioneer, United States Marshal Joseph A. Wessel of St. Paul sold three cars seized by Indian agents, their owners having been caught trying to bring contraband liquor into dry Indian country.

Bidding was brisk at the postoffice square and a crowd was present from countryside, town and range.

Marshal Wessel was assisted by Deputy Marshal F. L. Bradley of Bemidji, Assistant U. S. District Attorney S. Anderson of St. Paul, Deputy Internal Revenue Collector D. L. Rankin, Special Officer E. G. Boyd were interested spectators.

The 1917 Ford touring car sold for \$150 to O. E. Hickethier of Brainerd.

The 1916 six cylinder seven passenger Studebaker was bought by Sheriff C. Glaum of Detroit, Becker county, Minn., for \$205.

The Ford delivery car was bought by Al Lamont, Route 1, Brainerd, for \$590.

ST. CLOUD'S ACCOUNT

Their Story of the Basketball Game Played With Brainerd High, the Latter Winning

(St. Cloud Journal Press)

The local high school five were defeated on the Brainerd floor Saturday night by the fast Brainerd high school five by a score of 18 to 10. The game was a hard fought one and victory seemed to be balanced between the two teams until the last few minutes of play.

The locals began in their usual splendid fashion and made a fine showing with their snappy teamwork. The game was an unusually exciting one as both teams moved with clock like precision and the final outcome of the game was much in doubt. The team was greatly out weighed by their opponents, but clearly had them outclassed for speed.

The game was rough from start to finish as is shown by the fact that hardly a man of either team escaped without a personal foul and that three men were put out of the game for personals.

May and Ernst played their usual fast game, but experienced great difficulty in locating the net. It is an five shot at the basket double the number of times their opponents did, but were not successful in dropping them in the basket. They were closely guarded but still were able to put themselves in the front rank as stars of the game.

Freberg, Jackson and Hendrickson did the guarding for the locals and the Brainerd boys down to few shots, but unfortunately many of these fell through the hoop. The locals give Brainerd credit for making some unusually difficult shots from near the center of the floor.

Brainerd will play a return game on the St. Cloud floor in a few weeks and the home boys feel certain that they will be victorious.

This country sure is great for beautiful scenery. Am glad I was lucky enough to take the trip, as it is worth lots of money to any one for the great experience which I will never regret. Hope this will find you all well as usual. As for myself, am feeling fine. So beg to close, with love to all from your brother, O. H. K."

ATHLETIC EXHIBITION

Soldiers and Sailors Guests of the Knights of Columbus Monday Evening at K. C. Hall

The athletic exhibition of the Knights of Columbus given at their hall Monday evening drew a crowd which packed the hall. Guests of the evening were soldiers and sailors in uniform, who were given ringside seats.

The first event was a wrestling match between the two larkin boys, Tommy and Artie, aged 11 and 10. Taught by their father and an uncle, the boys gave every hold in the wrestling game, from hammerlocks to toe holds. Artie won the first in seven minutes with a half Nelson. Tommy gained the second in five minutes, also using a half Nelson. The crowd showered in silver on the little fellows.

Kotka and Caron gave a boxing exhibition. Kotka was the more aggressive.

Walsh and Kid Hubert of the paper mills gave a pleasing exhibition.

John and Maurice Young of Crosby gave a fast, finished display of boxing. Both were hard as nails from service in army and navy.

After the athletic work a dance followed to which the soldiers and sailors were also invited. The general public paid admission to the dance.

THE most brilliant showing of room-size and small domestic rugs that Brainerd has ever seen is now upon our floors. We trust that our efforts in offering you a choice of selection right here at home which can hardly be equalled in the cities will merit for us your patronage. The progress of our store the past year is still an experiment—it remains for the future to decide whether a store with a stock so big, so up-to-date and so reasonably priced, with a standard of service so prompt, with terms of credit so liberal and with a guarantee so broad as is ours, can be successfully maintained in a city this size. Anyway the experiment is worth watching. We know we are buying our goods at prices which no other store here can obtain, and we are trying our best to sell them accordingly.

We think you will find it pleasant to trade at

Vladivostok, Feb. 11.—(By Canadian Press)—It is reported from Omsk that the Russian government, headed by Dictator Kolchak there, has accepted an offer from Japan of men, money and arms to settle the bolshevik troubles.

This step, it is stated, is due to reports that the Allies are to withdraw their forces from Siberia and also to a fear that the conference at the

OLD-TIME COLD CURE—
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink tea cup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

CAUTION!

SOME people have an idea that "all molasses is alike." This is not so. Molasses varies in grades—like coffee, for instance.

To know *real* molasses is to know *Brer Rabbit*—absolutely pure New Orleans Molasses from New Orleans.

The sugar shortage taught thousands of resourceful housewives how *Brer Rabbit* takes the place of sugar.

We all know that we use sugar because it's sweet—it has no flavor.

But *Brer Rabbit* not only sweetens like sugar—it flavors.

Both sugar and *Brer Rabbit* are made from Sugar Cane. Both are pure. *Brer Rabbit* contains a large amount of real sugar.

There Are Two Kinds of Brer Rabbit Molasses

Both Are Absolutely Pure New Orleans Molasses

GOLD LABEL Brer Rabbit is mild in flavor, light in color and is delicious for table use—as a spread for pancakes, waffles, biscuits, etc. It is especially fine for cooking, baking and candy making.

GREEN LABEL Brer Rabbit Molasses is darker in color, slightly stronger in flavor, and is splendid for cooking, baking and candy making. It costs less than the *Gold Label*.

For cooking and baking; for stewing prunes, dried apples, peaches and other dried fruits; for baking apples—don't worry about sugar. Use *Brer Rabbit* Molasses.

It is delicious, wholesome and health-building.

And there is lots of it at all good grocers.

For the Children

Youngsters naturally crave molasses. Years ago sliced bread and molasses was part of the daily diet of children.

GOLD LABEL Brer Rabbit Molasses gives to the child the elements the young growing body needs. *Brer Rabbit* is absolutely pure—therefore, wholesome, palatable and strengthening.

Doctors will tell you what molasses and bread means to children.

Besides it saves sugar and cuts the butter bill.

Butterbean Is Meal.

A meal for a whole family from one bean is possible now in California. The bean is called the Guineo butterbean, and one offered in the Los Angeles market was almost three feet long and nine inches in circumference. It is said to be excellent eating, similar to the eggplant.

Natural Lightning Conductor.

The astronomical observatory at Mount Elina does not need at any time the protection of a lightning rod. The observatory is near the summit of the volcano, and the stream of vapor constantly rising from the crater acts as a natural conductor, draining the electricity out of the clouds, so that the lightning is seldom seen there.

Judging Others.

We cannot judge our fellow men without in some measure judging ourselves. We are always inwardly laying down laws for others, and by that very act are forming a code for ourselves. The wrong we see in another may be the sin of his ignorance, but there can be no like excuse for us who have recognized and labeled it.
